The Octopus Sprint League 2008

CASC win the third GALA of the 2008 League by the narrowest of margins!

With 26 PB's and many excellent swims from our younger swimmers a win was on the cards. With two DQ's on relay takeovers the winning lead was shortened so much that we only won by 4 points! A win is a win and this third round victory to match out first puts in a strong position for winning the title of best club in 2008. At the moment we are lying in joint second spot with 3 galas to go.

Well done to all the swimmers so far who have contributed to the above scores. You have all swam so well, achieved so many PB's. One of the most impressive things is that so many of our swimmers are breaking the time restrictions. Well done.
