

## **Sudden Cancellation of a Training Session**

It seems appropriate, with the recent riots and the more severe weather the South East is now experiencing, to let all Swimmers and their Parents/Carers know what CASC will try to do on these occasions.

In the event of a Centre having to close unexpectedly, after investigating the Health & Safety and Transport implications, the following steps will be taken\*:

- Pool providers will contact the Swimming Secretary or another member of the Committee via phone (back up email as necessary).
- CASC Coaches will contact the Swimming Secretary if they are unable to attend a session.
- CASC will endeavour to advise all swimmers via a message on the website.
- CASC will endeavour to email all Parents/Carers of the squad affected.

In times of inclement weather, Parents/Carers are advised to check the website and emails regularly.

During periods of bad weather or civil unrest Parents/Carers are requested to check at pool side that a Coach is present.

If a session must be cancelled for reasons outside our control this will be recorded and will be constantly monitored. Appropriate action will be taken should this prove to be excessive within a reasonable period.

*\*This could also apply in an emergency if a coach is unable to attend and no cover available.*

CASC are currently looking into obtaining a texting service for notifications and will advise Parents/Carers should this service become an option.
